1. Since we now know that we make referrals to Provost Council, we'd like to ask that all responses from Provost Council be written responses, not verbal or word of mouth. This allows us to have clarity on issues and a clear record of what we've been instructed.
2. We would like to request for Provost Council to provide clarification regarding institutional priorities in relation to the catalog. We (the campus) were promised an annual catalog without negatively impacting graduation rates and that's not what we're getting this year. It sounds like the campus had a different set of priorities which has prevented the publication of the 2021 – 2022 catalog in the promised timeframe. Students and Advisors must have the information for accuracy and without it there are undoubtedly implications for our grad-rates.
