

ACADEMIC RENEWAL

All courses in a given academic term (semester or quarter) will be removed from GPA calculations-i.e., the student is not allowed to only remove courses with low grade in the term.

3. Removal of coursework from GPA considerations is allowed only to assist the student graduate with his/her baccalaureate degree, i.e., if the one or more of the GPA's is less than 2.0. Student must attach a copy of their graduation application (Grad Check).

4. Removal of coursework is prohibited for purposes of raising the GPA in order to enhance opportunity for admission to graduate schools, professional schools, or credential programs or for receiving honors, scholarships, assistantships.

The student's letter must provide responses to the following two questions:

1. What academic terms are you requesting the university to disregard from GPA
