

BPA ENTREPRENEURSHIP CLUB FORUM SERIES PRESENTS

# AGRICULTURE INDUSTRY SPEAKER PANEL

Friday, December 7, 2016

2:30 PM TO 4 PM

STUDENT UNION MULTI-PURPOSE ROOM

## Featuring guest speakers:

- **Garrett Busch, Water Resources Manager, Inland Northwest**
- **Russell Johnson, Founder, Common Sense Consulting**
- **Carla Lutz, General Manager, Mosaic**
- **Nick McGill, Ag Consultant & Owner, Ag Consulting**
- **April Morris, Dir. of Employee Development & Training, Grimmway Enterprises**

## Topics will include:

- **Job opportunities for entrepreneurially minded students.** Our top club members are passionate, out-of-the box thinkers who take initiative but are also humble, coachable, and diligent. When we say "entrepreneurially minded," that's what we mean. Grimmway and other large ag companies hire plenty of CSUB students and have plenty of recruiting events focused on "regular" students. This speaker panel focuses specifically on the kinds of job opportunities that are available to entrepreneurially minded students.
- **Water solutions for the ag sector.** Lots of people all over the state, the country, and the world are working on sustainable water solutions for the ag sector. This panel will focus on the kinds of solutions that are available to our student entrepreneurs should focus on doing. We want the panelists to tell us "I wish there were an entrepreneur here who would come up with a better way of doing [fill in the blank]." We want to hear from you!
