

Multiple Subject Credential Program

The Multiple Subject Credential Program is a professional preparation program accredited by the California Commission on Teacher Credentialing (CCTC) and Association for Advancing Educator Preparation (AAQEP).

Our program prepares candidates to teach multiple subjects in a self-contained classroom such as those in most elementary schools. Our teacher candidates are provided the tools to create diverse, inclusive, and equitable classrooms with an integrated approach to theory and practice. Our program is primarily a face-to-face program with courses beginning in the early evenings.

For more information, including a full course listing and teacher residencies, please visit us at:
